

Case Study

Landsec's robust approach to risk management ensures a protected and compliant portfolio and improved claims defensibility using the RiskWise App

“Using the RiskWise App, we have a much improved data gathering process to help us identify hazards, reduce risks and prevent and respond to claims.”

“The RiskWise App helps ensure actions raised through insurers' surveys are escalated and resolved to reduce risk.”

“The RiskWise App is easy to understand and intuitive and will help us record and manage data at each site consistently.”

“If claims should arise, the information documented using the RiskWise App and audit trail provided helps us fairly defend claims and reduce insurance costs – this all directly impacts the bottom line.”

“Using the RiskWise App and the RiskWise web-based software, we have an end-to-end solution for capturing data at each individual site, benchmarking and compliance scoring across our portfolio, and for simple reporting directly to senior managers' dashboards.”
